## THESE ARE BUSY DAYS

At the Headquarters of the Republican State Committee.

Although the Republican State convention is several weeks off, these are busy days around State committee headquarters in the Majestic building. Two or three clerks are kept busy most of the time addressing envelopes and mailing various kinds of literature, and nimble-fingered women keep the typewriters constantly clicking. Chairman Hernly for several weeks has been away from his desk a good deal of the time, attending love-feasts and other political gatherings over the State. Secretary Bigler has also been absent several days in each week, since his election to the secretaryship.

Chaplain B. W. Arnett, Jr., A. M., at Allen Chapel A. M. E. Church.

Chaplain B. W. Arnett, A. M. the young orator of the colored race will lecture on "The Negro as a Citizen and Soldier" at Allen Chapel, Wednesday evening, April 11, 1900 at 8.15. He will be supported by the Chorus of 40 Voices. Fifteen minutes in the Kindergarten, with Mrs. Emma Shepherd and her sweet children, and his accomplished wife in music. She will favor the audience with several selections. She has the distinction of being the only colored woman in the West that holds the position as first soprano singer in a white choir, at a lucrative salary. Don't miss this entertainment. It will be the best of the Season. Admission 10 Cents. A. L. MURRAY, Bastor and Manager.

as his duties at this time do not require his constant presence here.

In the absence of the State chairman and secretary the visitors to committee headquarters usually talk with some of the attaches of the place. Most of those who call at headquarters are county chairmen or precinct committeemen who come in to have a chat with the State chairman. The most of them when they find the chairman absent tell their "troubles" to some of the employees. In nearly every instance the visitor who has a story to tell relates some good news about the political situation in his part of the State. He tells about the perfect organization and points out how the Republicans are bound to make some gains in certain parts of the State this coming election. Occasionally a county chairman speaks of the sentiment in his part of the State concerning the Porto Rican tariff matter, and in most instances the chairman asserts that the question is not going to injure the Republican prospects for victory next fall.

Chairman Hernly spent Sunday at his home in New Castle and returned to the city Monday. He has issued a called to the members of the State committee for a meeting to be held in this city Wednesday for the purpose of discussing arrangements for the State

convention, which is to be held on April 25. Final arrangements for the convention will probably be completed at this meeting. It is possible that the committee will talk about some of the features that it is thought the platform which the convention will adopt should contain. The organization of the convention will also be a subject for discussion by the committee.

The committee is pleased with the successful manner in which it has been able to make arrangements with the railroads. All roads leading into the city will bring people to the convention at one fare for the round trip. Chairman Hernly thinks that both of the Indiana senators will be here and all of the representatives in Congress from this State are expected.

A. E. Manning, W. A. Sweeney as the prosecuting attorneys. Hons. J. T. V Hill, E. O. Mack, R. B. Bagby and W. E. Henderson for the defense. The jury: Hon. Geo. L. Knox, foreman, Profs. W. B. The aim is at times to publish a truly representative race journal, containing as much as possible of the good deeds and advancement made by the race; to the exclusion of those things of a degrading or criminal nature.

## TAKING THE CENSUS.

The census is coming in two months and it will bring an opportunity to the Afro-American which he should not miss. The census taker will be around some time in June, carrying a long thin book in which the questions are printed, and bearing on his vest a small silver shield which contains an eagle and the words "United States Census, 1900."

This badge does not entitle him to take money or to ask any questions about your taxes, your debts, your politics, or your religion. But it does authorize him to ask a few harmless questions about yourself and your self and your property.

The census taker will want to know your name and whether you are the head of the family or some relation of head. He will ask whether you are single or married, or widowed, in what state you and your parents were born, and what kind of work you do. In order to show how industrious the people are he will ask how many months you worked during the last year and whether you own your own home or not. In order to show the wealth of the colored people he will ask a few questions about the value of your home and farm, the number of mules, pigs, geese, cows, that you own, and how much these animals are worth. Besides these facts he will take down the value of the grain, cotton, garden truck, fowls, eggs, that you raised last year. If you ate all the chickens you raised, or used all the wheat you grew, you are to count the value of these also, just as if they were sold for money.

The Afro-American should think these questions over and be prepared to answer them properly, first because the law requires them to be answered;

secondly, because they are asked of everybody, rich or poor, black or white; thirdly, because if the Afro-Americans do not tell what they possess, the race will not make the showing it deserves to make among the races represented in the United States.

We are in receipt of a copy of the announcement of the Spring term and Summer session of the Indiana University. It is a neat pamphlet of forty-six pages and gives full information concerning the work that will be given from April 3 to August 24, 1900. A copy will be sent to any one on application to the Registrar of the University, Bloomington, Indiana.

A Chicago statesman shot his enemy twice in succession with great accuracy and now pleads that the shooting was accidental. He ought to go to Kentucky.

If the Constitution follows the flag as the Democrats contend, we must give up the Philippines or submit to the destruction of our tariff and labor law system.

## General Race News

Secure money, educate yourself and your child, teach him morality, industry and economy, buy a home and sanctify it with life's blessings.

The Negro don't believe in seeking an office, but is letting the office seek him. That is why he rarely occupies such a position; it cannot find him.

The National Grand Lodge of the U. B. F., will convene at Cleveland, O., in July. The Grand Temple will meet there at the same time. The session will last about five days and there will be about 900 delegates in attendance.

The Alabama Penny Savings and Loan Company of Birmingham, which was organized in the latter part of 1880 by an enterprising colored man of that city, is now in a most flourishing condition. When the company began business it had a capital stock of \$25,000. Now it has \$60,567.38 on deposit. It owns the building in which it does business and has deeds on thirty-four lots, seventeen of which have been improved and bring a revenue of nearly two thousand dollars a year. For the year 1899 a dividend of 5 per cent. was declared and the company is altogether healthy and prosperous.

Washington, D. C.—A petition has been framed and is receiving the signatures of many colored men, which it is intended to present to President McKinley this week. This petition seeks to have the President appoint in the place Commissioners Wright and Beach, two other men who the petitioners hope will not hold opposition to the Negro, as it is claimed the present two Commissioners do hold. The petition will be taken to the White House by a delegation of colored men, headed by Editor W. Calvin Chase and Lawyer Thomas L. Jones will endeavor to have a conference with the President upon what seems to be a just grievance of the colored people of Washington. While the petition states in emphatic terms that the removal of one Commissioner is desired and that the other be not reappointed. The claims of no particular candidate are pressed and no preference indicated, although it is generally understood that Col. L. M. Saunders is a "hot favorite" for one of the places.

The Most Wonderful Cure of Poisoned Blood ever made in Europe or America, is the cure of this Boy by the use of . . .

## Hoyt's Poisoned Blood Cure.

The above cuts show the condition of this boy—FERGIE KIMBALL—when he began the use of HOYT'S POISONED BLOOD CURE, also the rapid improvement in his case in the first 90 days' treatment.

This dread disease first made its appearance fourteen years ago, with pimples on the face, and gradually grew worse up to the very day of his commencing the use of Hoyt's Poisoned Blood Cure. This boy has been treated by eleven local physicians in the city of Indianapolis and three specialists outside of the State; he has also been before the class of all three of the Indianapolis medical colleges; but, in each and every case, he was dismissed as incurable.

As terrible as this photograph may look to the observer, it does not even picture the condition of this unfortunate boy. His lips were so swollen that one could not see his teeth, and were so thick that they were on a level with the nose, notwithstanding the fact that the nose was four times its natural size. His cheeks were greatly enlarged, and the entire swelling was covered with matted sores. He has been refused admittance to the public schools since 1894, and was not allowed to sell papers by the Indianapolis Journal, Sentinel or News.

We make the above explanation of this, the most wonderful, as well as the most unsightly, case on record, to prove that the curative qualities of Hoyt's Poisoned Blood Cure by far surpass anything before offered to the public. There are 10,000 persons in Indianapolis who know this boy, and know the condition he was in when he began taking Hoyt's Poisoned Blood Cure; they also know that all other remedies and doctors failed, and that it was this medicine, and this alone, that made the cure. We should be pleased to have anyone wishing to try this medicine to first make a thorough investigation of this case, through disinterested parties, in order to satisfy themselves that this statement is true.

### READ THIS.

We have known the KIMBALL boy for years and know that his case is the worst ever on record. We know also that people would pass on the other side of the street so as not to meet him; and that, although he has doctored with the best physicians and taken the best medicines on the market, nothing made the least impression but Hoyt's Poisoned Blood Cure.

Because we knew that the above cure was genuine we commenced to take Hoyt's Poisoned Blood Cure ourselves, for long standing cases of blood trouble, and the medicine has already done more for us than all other medicines combined.

# AROUND THE CHURCHES.

A Week's Happenings in Religious Circles.

**BETHEL A. M. E. CHURCH**  
(Corner Vermont and Toledo Sts.)  
Rev. C. W. Newton, pastor.  
MERCY.

(Beatitude) Blessed are the merciful for they shall obtain mercy. The quality of mercy is a special gift of the Holy Spirit. It comes in that righteousness that is only the result of hungering and thirsting. A religion that is not full of mercy can not help the wretched state of fallen man. Mercy is that quality of soul that enables us to look upon all human meanness with pity, good feeling, love, and allowance. Mercy gives a wide margin on sin. I mean that mercy allows us a chance after we have sinned and sinned enough to be damned. Mercy freely gives us out of Christ's love what we do not deserve. This is done to make propitious every condition to save. Mercy has justified itself in whatever it may over look on the part of the evil doer. If its unlimited exercise be the means of saving a soul. Man will do wrong. Not once only, but a thousand times over. It is mercy that does not become discouraged. It is the sweet angel of mercy that stays around where a man falls down, and never d-sets him though he fall a thousand and ten-thousand times. It is mercy that hopes that we will stand if we keeping. Doing right is a thing that can only succeed after many trials after many failures, after many struggles, after many hard battles. None can do right unless they have another trial after each wrong, however may the wrongs.

Mercy gives the sweet satisfaction of try, try again, with both God and man. We only help ourselves by showing unattained mercy. We shall have back all we give. "For they shall obtain mercy." No one needs mercy more than the other. All! All! All! must have its benefits. The only wrong we can do that drives mercy from outside, is not to give mercy. If we bar the gates of mercy against others, mercy will flee from us. Mercy acts like the echo of voice. We must send out the voice before the echo can come back to us. We must first give mercy before we can receive it. No man can have an income till he invests capital. Who then obtains mercy?

They who have mercy. This does not excuse crime. Mercy does not relieve crime of any punishment justly due its enormity. Mercy is not an obstacle to justice. God is not more merciful than he is just. Mercy does not put a premium on crime by letting the burglar and the bank robber go free to plunder at will. This would break down all safe guards to honest enterprise and protection to property. This would be an irreparable injury to human comfort and progress. Mercy never done an injury. Mercy is faultless. Mercy can not harbor murder. Here the mission of mercy is to temper punishment with kindness, to temper justice with love. Mercy belongs to the worst of criminals but does not prevent deserved punishment.

**ALLEN CHAPEL A. M. E. CHURCH**

The Sunday services were largely attended. At 7:45 p. m. the Rev. Dr. L. Stokes preached a very instructive sermon and the Rev. D. A. Graham sang a beautiful solo, entitled "He knows" to the delight of a vast audience.

The following entertainments were largely attended: The dinner and supper given by the Men's club on Wednesday were liberally patronized and a handsome sum was realized. The pastor and members of the church feel very grateful to the proprietor for the use of the Cafe, trusting that liberal patronage in the future will be a token of appreciation to him for above mentioned kindness. On the same date the Busy bees scored a victory through the kindness of the pastor, Rev. E. L. Gilliam and members of Simpson chapel, in a concert given at their church for which we extend our sincere thanks.

The concert "The New Woman of 1906" at the church Thursday evening, given by the Anxious workers was a signal success. On Friday night the social at Mrs. Lula Bartley's in E. ## SECOND BAPTIST CHURCH.

(In West Michigan St.)  
Rev. J. W. Carr - - Pastor

The prayer meeting was very largely attended on last Sunday morning.

The freshness of the early morning breezes and cheerfulness of the bright sunbeams inspired many hearts to give love to their Creator.

The members of the Sundayschool display quite a growing interest in their praiseworthy leader. We highly commend Mr. A. S. Johnson for his untiring zeal as superintendent of the school.

At 11 a. m. Dr. Carr preached a strong doctrinal sermon. As usual, throughout the sermon there were evidences of a finely cultivated, critical faculty; and by means of the doctor's oratorical powers, together with logic and traces of wide reading and acute observation, he swayed the massive congregation at will. After morning service 32 were baptized. Others who were physically disabled are yet to be baptised.

At 3 o'clock 100 new members were fellowshiped.

At 7 p. m. the B. Y. P. U. was well attended and many new members joined.

At 8 p. m. Dr. Carr preached from the subject: "Put on the whole armour" after which communion took place. There were 5 additions. The collection was \$132.

The Old Maid's Convention was quite a success. The band concert on the 10 will be largely attended. Do not forget the Moot Court on the 16. The choir will render a special program on Easter, and will be assisted by Mrs. Dugan Clarke and Mrs. Terry.

## WAYMAN CHAPEL.

Yandes and 17th Sts.  
Rev. E. L. Bell, Pastor.

Miss Lucy Hogan recently converted at her residence, 1532 Martindale ave., is our latest accession.

Hon. J. T. V. Hill and son and Miss Heston worshiped with us last Sabbath evening.

It gives us much pleasure indeed to note the appointment of the Rev. Dr. Gilliam to Simpson Chapel and the elevation of our esteemed friend, Dr. Sissle to the presiding eldership—Christian tactics well played.

If the Presbyterian church without a pastor can raise \$118.10 what ought the other churches do that have pastors?

The Presbyterians are not a noisy set, however. They swept the deck and cleaned the platter. Amen! Nothing in noise but everything in conscientious, Christian work. Wayman awake! and put forth thy whole strength and power for the 22, grand rally day and quarterly communion. Friends, one and all come to our rescue please some day, in the not distant future, she will be a full grown, sweet rose in the garden of the A. M. E. church. Watch our prophecy. Today she drinks her bitter cup and the clouds lower heavily but tomorrow the sunlit sky will be hers and the cup of joy runneth over. May the God of heaven help us! He helps those who help themselves.

## SIMPSON CHAPEL A. M. E. CHURCH

(Cor. Howard and 11th Streets)

We begin a new year with a new pastor and a new presiding elder.

Rev. E. L. Gilliam the new pastor, is a man of ability, energy and prolific in plans and under his leadership Simpson will make great advance this year.

The sermon by the Pastor last Sunday a. m. was of great spiritual power yet simple and practical. Come and hear him next Sunday.

We were favored this week by the presence of Rev. L. M. Hagood of Covington, Ky., Rev. M. S. Johnson of Blooming, Rev. T. L. Franklin of Rockport, Rev. E. A. White of Connorsville, and P. E. Sissle.
